Dear Ed:

In answer to your letter of July 28, please find enclosed a copy of the deed received by the Department from the Omans and a copy of a resolution by which the Omans continue to operate the ranch properties for this season only.

You will find a description in the deed of the water rights conveyed by the Omans to the Department. Of course, the Department has absolutely no responsibility with regard to whether the diversions and uses of water by the Omans this summer are in accordance with the rights conveyed to the Department. In other words, the Omans have a right to use those waters conveyed to the Department pursuant to the enclosed deed and any other water rights which they might have, and whether or not they act within their rights is a matter which concerns only the Omans and those people having a conflicting claim to the water.

Sincerely,

Richard L. Dewsnap  
Assistant Attorney General
